

Useful Careers Resources

March '21

A new **Health and Care Work Experience Portal** managed by the Next Generation Project is offering opportunities including Physiotherapy, Operations Department Practitioner, Nursing, Learning Disability Support and Midwifery. There are also some e-learning module placements available.

For further details please email ambassadors@caredevelopmenteast.co.uk

To register and apply students can visit www.nhstalentacademy.org.uk

The portal also offers 'Let's Talk About' sessions to meet virtually with a professional working in health and care to have an informal conversation about their job role, the rewards and challenges, provide advice and guidance etc. Sessions are via Microsoft Teams until the opportunity to meet face to face is available.

The Next Generation Ambassador Coordinators "Inspiring the next generation"

Nurse. Bio-Medical Scientist. Chef. Cyber Engineer. Musician. HR Specialist. Tank Crewman. With over 76 entry level specialisms, the range of **careers in the British Army** might surprise you. In each role there are opportunities to gain qualifications – with 98% of new soldiers starting an apprenticeship. Our new video takes you on a tour of roles across the Army's seven career streams.

Interested in a **career in the NHS?**

Use the Step into the NHS [website](#) to explore over 350 jobs within the NHS with our [Careers A-Z](#). The [careers quiz](#) suggests NHS careers based on your skills and interests.

Use the prompts below to highlight which NHS careers your child might take interest in.

What do you think you're best at? What job could you use this skill in?

Do you prefer working with your hands or doing lots of reading and sums?

Would you like to work in a hospital or office?

Would you like to do shift work or work 9-5?

Would you prefer to work with adults or kids?

Do you know anyone that works for the NHS?

The NHS employs over 1.3 million people in England alone – roles such as finance manager, chef or arts co-ordinator are needed in the NHS.

For each day of British Science Week, **BT** explored an exciting subject, such as smart cities, and the technology behind it. You can still access videos and resources here: <https://atadastral.co.uk/bsw/>
